

CHANG CHUTIMAN TOUR

Elephant Jungle Trekking

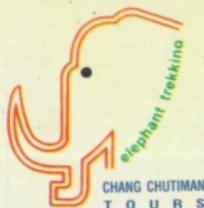

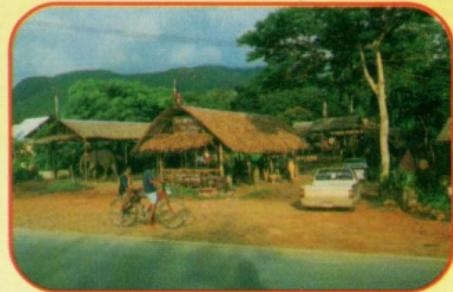

KHLONG PHRAO BEACH.

We are proud to be a member of Friends of the Asian Elephant Foundation assisting elephants to enjoy improved living conditions.

Come and visit our baby - Charlee

We come from an elephant village, Satuk District Buriram Province - North East Thailand. This land is Thailands oldest civilisation regarding ancient remains and elephant culture. Thailands equivalent to Angkor Wat - Phanom Rung, lies here. Not so long ago the elephants were used to transport produce from village to village and food for them was abundant. Being a slow process, the elephants have now been replaced by cars and roads and the land used for grazing has been cleared. With the survival and happiness of the elephants in jeopardy the decision was reluctantly made that a new home must be found. We want children to be able to see the elephant in their natural habitat. The jungle environment on Koh Chang offers that. As a tourist, interested in elephants, we invite you to Chang Chutiman Tours any time, to join in with the elephant activities. We are proud to be a member of Friends of the Asian Elephant (FAE) assisting this endangered species in many ways.
